

# FSBI

Fire Safe Build  
India

**India's curated show for Fire Protection**

4 - 6 December, 2025

Bombay Exhibition Centre, Mumbai

Plan . Prevent . Protect

# Welcome to FIRE SAFE BUILD INDIA (FSBI) 2025

India's construction sector is evolving at a rapid pace, reshaping skylines and redefining how cities function. As our built environment grows taller, denser, and more complex, fire safety must evolve with equal urgency and foresight. **Fire Safe Build India (FSBI)** is entering an exciting new chapter. Now in its third edition, the show returns to Mumbai from **December 4–6, 2025**, with a broader scope and a strategic co-location—alongside the ZAK Doors & Windows Expo at Bombay Exhibition Centre, Mumbai.

At **FSBI 2025** explore an expanded show floor, attend expert-led forums on safety codes, façade performance, and emerging technologies. Witness live demos that bring fire safety strategies to life. Connect with key stakeholders through curated B2B matchmaking and networking opportunities.

The global fire protection system market was valued at **USD 68.90 billion in 2024** and is projected to reach **USD 111.38 billion by 2032**, growing at a CAGR of **6.4%**. FSBI stands at the intersection of this growth — enabling India's built environment to become safer, smarter, and more resilient.

# Exhibitor Profile

- **Structural Fire Protection** - Fire protection for structural steel or concrete frames, Fire retardant coatings
- **Fire Resisting Products** - Fire-resisting walls, floors, and ceilings, Fire-resistant glazing (glass), Facades, Partitions, Panels, Curtain Walls, Cladding, Fire / Smoke Curtains, Fire-resisting doors and shutters, Fire-rated hardware (hinges, locks, closers, etc).
- **Penetration Sealing and Building Envelope Integrity** - Fire stopping systems, Penetration seals (pipes, cables, conduits), Cavity barriers, Fire-rated ductwork and dampers, Fire-rated elements of the building envelope
- **Electrical Installation** - Cables, Cable Ducts, Cable Support Routing Systems, Cable Bandage, Fire Protection Cabinets
- **Extinguishing Systems** – Sprinkler Systems, Gas Suppression Systems, Foam Systems, Water Mist Systems, Fire Extinguishers, Fire Pumps, Control Valves, Suppression Panels & Accessories
- **Ventilation / Smoke Extraction** – Fire Dampers, Ventilation Ducts, Heat extraction Systems, Smoke Exhaust & etc.
- **Building Automation & Integrated Safety Systems**

## Testimonials

"FSBI has created an excellent platform for various stakeholders to understand the fire protection requirements within buildings. The diverse products displayed in the booths can be implemented to enhance building safety. The discussions happening within the conference will undoubtedly contribute to the improvement of fire protection systems."

**Santosh Warick - Maharashtra Fire Service**

"FSBI brings together the entire fire-protection ecosystem together. Most of the contractors and potential clients are present, making this the perfect time to participate, especially since India and its market are booming."

**Elena Guseva - Stabiterm**

## Who Should Attend?

- Architects, Façade & Design Consultants
- Structural, MEP, EPC and PMC Consultants
- Specifiers & Code Consultants
- Developers & Construction Companies
- Procurement and Safety Heads from Critical Infrastructure
- Facility Managers & Building Operators
- Fire Department Officials & Fire Safety Inspectors
- Disaster Management & Civil Defence Authorities
- Public Sector Undertakings (PSUs) & Government Agencies
- System Integrators & OEMs in Fire Protection
- Smart Building & Automation Professionals
- Compliance Officers & Regulatory Authorities
- Installers of Fire-Safe Products
