**Asia's Only Show on Passive  
Fire Protection Systems**

**1-3 February, 2024**

Jio World Convention Centre, Mumbai

Plan . Prevent . Protect

# Asia's Only Focused Event for Passive Fire Protection

The premiere edition of Fire Safe Build India (FSBI) 2023 featured a wide range of products, services, and technologies including fire-resistant coatings, fire-safety glass, testing services, fire barriers, fire doors, fire dampers, and other components.

FSBI provided an opportunity for attendees to learn about key topics including Regulatory Frameworks, Implementation Challenges, Optimization of Products & Solutions, Traceability, Role of Digital Technology, Fire Safety Solutions and a host of other relevant, focused and crucial topics at the high-level conference program.

The conference at Fire Safe Build India (FSBI) 2024 will present a unique opportunity for thought leaders from the passive fire industry to share their expertise by being part of panel discussions, presentations and workshops. The forum will offer insights into current market scenarios, emerging trends, solutions, technologies and address challenges as well as opportunities in this sector.

# Key Products on Display

## Fire Containment materials and solutions like

· Dampers or Grilles · Ducts · Fire Curtains · Fire Doors · Glazing and other systems to create flooring, raised flooring, skylights, etc. · Partitioning solutions using boards

## Penetration materials and solutions ranging from (seals, sealants, wraps, sleeves, wraps, gaskets, right up to special chemicals and compounds)

· Chemical and solutions enhancing containment properties like (Intumescent Coatings & Wrap Strips, Smoke Seals, Sprays, Thermal Ceramic Blankets Adhesives, etc.) · Insulation materials & solutions providing containment · Specialist sealing solutions for façade and specialist Mechanical, Electrical and Plumbing solutions.

## Fire & Smoke propagation limiting materials and solutions

· Coatings, chemicals and finishing solutions that are flame retardant · Exterior fascia, finishing and façade materials and solutions · Flooring and interior finishing materials & solutions · Insulation materials & solutions retarding fires · Smoke ventilation & management solutions

## Structural Fire Protection materials and solutions

· Coating and curing supplies and services · Fire protection coatings and materials ranging from (ablatives, intumescent, vermicular to boards and solutions)

## Services around training, conformity assessment and assurances

# Prominent Brands at FSBI 2023

# Exhibitor Profile

## Fire Safe Building materials & solutions for the following:

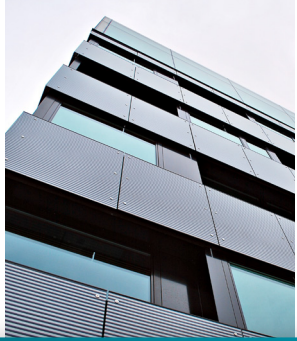

- Buildings and Public Infrastructure - (Offices, Hotels, Hospitals, Airports, Shopping Malls, Warehouses, Metro Stations, Cinema Theaters etc.)
- Cable Tunnels
- Conveyor Systems & Assembly lines
- Energy, Oil & Gas, Heavy Industries & Transportation
- Food Industry (Kitchen Fryers etc.)
- Industrial Plants (CNC Centers, Generators, Pumps, Furnaces / Boilers etc.)
- IT Parks (Data Centers & Communication Systems)
- Tunnel Systems (Roads, Railways & Mines etc.)

# Visitor Profile

## Personnel from:

- Architects
- Design Consultants
- Design, Procurement and Manufacturing heads from Aerospace / Aircraft, Automobile and Marine & Ship Building Industry
- Engineering Procurement & Construction Consultants (EPC)
- Mechanical Electrical Plumbing Consultants (MEP)
- Project Management Consultants (PMC)
- Public Sector Undertakings (PSU)
- Specifiers
- Structural Consultants

## Why Participate?

Be part of Asia's only show on Passive Fire Protection Industry

Opportunity to forge alliances and make new business partners

Meet and network with industry peers

Large display of latest technology and supplies

Gain expertise with Conference, Panel discussions & Knowledge forums

### Date:

1-3 February, 2024

### Venue:

Jio World Convention Centre,  
Mumbai
